

PG-fr — Template BELACEL V3

Madani BELACEL — ENS Mostaganem

Instructor: BELACEL Madani

Module: ICT

Level: Year 1 — English Department

Duration: 1h30

Academic year: 2025-2026

(Email and detailed progress of the session: see PDF cover page.)

Exercise 1 — Personal definition (15 min)

Statement: Give your own definition of ICT in 2-3 lines, then compare it to the ITU definition.

Detailed correction: ICT brings together digital tools for processing, transmission and access to information. The ITU emphasizes digital form and the convergence of technologies.

Exercise 2 — The three dimensions (15 min)

Statement: Explain with personal examples the three dimensions: Techniques, Information, Communication.

Detailed correction: Technical = PC + Moodle; Information = PDF handout; Communication = email to teacher or TD forum.

Exercise 3 — ICT functions (18 min)

Statement: For each action, identify the function: processing / transmission / backup.

Word writing, email sending, USB copying, Teams videoconferencing, PDF printing.

Detailed correction: Word → processing; email and Teams → transmission; USB → backup; printing → processing/output.

Exercise 4 — Language applications (18 min)

Statement: Name 5 concrete uses of ICT for a foreign language student.

Detailed correction: Online multilingual corpora, video with native speakers, Moodle for homework, digital library, PowerPoint for presentations.

Exercise 5 — Critical thinking (14 min)

Statement: Write a paragraph (10-12 lines) on the opportunities and risks of ICT for language students.

Detailed correction: Opportunities: global resources, MOOCs, collaboration. Risks: plagiarism, misinformation, addiction, privacy. Posture: critical thinking and academic ethics.

Session progress — 1h30 (90 min)

Phase	Duration	Cumulative total
Reception and instructions	5 mins	5 mins

Exercise 1 — Personal definition	15 mins	20 mins
Exercise 2 — Three dimensions	15 mins	35 mins
Exercise 3 — ICT functions	18 mins	53 mins
Exercise 4 — Language applications	18 mins	71 mins
Exercise 5 — Critical thinking	14 mins	85 mins
Collective correction and synthesis	5 mins	90 mins
Total	90 mins	

ICT Tutorial 02 — Computer Science and Computer Architecture

Instructor: BELACEL Madani

Module: ICT

Level: Year 1 — English Department

Duration: 1h30

Academic year: 2025-2026

(Email and detailed progress of the session: see PDF cover page.)

Exercise 1 — Basic vocabulary (15 min)

Statement: Define: computing, hardware, software, CPU, RAM, SSD.

Corrected: Computer science = automatic processing of information; hardware = hardware; software = software; CPU = processor; RAM = volatile random access memory; SSD = fast non-volatile storage.

Exercise 2 — Input / Processing / Output (15 min)

Statement: Classify: keyboard, screen, processor, printer, microphone, hard drive.

Fixed: Input: keyboard, microphone; Processing: processor; Output: screen, printer; Storage: hard drive.

Exercise 3 — RAM vs storage (18 min)

Statement: Why does an unsaved document disappear after a power outage?

Fixed: The data being edited is in RAM (volatile). Without saving to disk/SSD/cloud, they are lost when shut down.

Exercise 4 — Choice of support (18 min)

Statement: For daily work, long-term archive, file transport — recommend media and justify.

Fixed: SSD for everyday use; HDD or cloud for archives; USB key for occasional transport.

Exercise 5 — Good practices (14 min)

Statement: List 6 important best practices for a student.

Fixed: Regular backups, updates, antivirus, folder organization, 3-2-1 rule, RAM/storage distinction.

Session progress — 1h30 (90 min)

Phase	Duration	Cumulative total
Reception and instructions	5 mins	5 mins
Exercise 1 — Basic vocabulary	15 mins	20 mins

Exercise 2 — Input / Processing / Output	15 mins	35 mins
Exercise 3 — RAM vs. permanent storage	18 mins	53 mins
Exercise 4 — Choice of storage media	18 mins	71 mins
Exercise 5 — Good practices	14 mins	85 mins
Collective correction and synthesis	5 mins	90 mins
Total	90 mins	

ICT Tutorial 03 — Windows: Interface, Files and Personalization

Teacher: BELACEL Madani

Module: ICT

Level: License 1 — French Department

Duration: 1h30

Academic year: 2025-2026

(Email and detailed progress of the session: see PDF cover page.)

Exercise 1 — Interface identification (15 min)

Statement: In a screenshot, identify 8 elements of the Windows Desktop.

Fixed: Desktop, icons, taskbar, start menu, notification area, active window, trash, search bar.

Exercise 2 — Creating a tree (18 min)

Statement: Create the L1 Languages tree in Documents (Courses, Tutorials, Exams, Projects, Saves).

Corrected: Structure conforms to the course convention with dated subfolders.

Exercise 3 — Professional naming (15 min)

Statement: Rename 5 files according to YYYY-MM-DD_Module_Type_Name_vX.ext.

Corrected: Ex. 2026-06-04_TIC_TD3_BELACEL_v1.docx — no prohibited characters.

Exercise 4 — Keyboard shortcuts (15 min)

Statement: Copy, cut, paste, cancel and lock session by keyboard only.

Fixed: Ctrl+C, Ctrl+X, Ctrl+V, Ctrl+Z, Windows+L.

Exercise 5 — Safety (17 min)

Statement: List 6 important safety rules for a student.

Fixed: Session lock, 3-2-1 backups, updates, antivirus, USB caution, strong passwords.

Session progress — 1h30 (90 min)

Phase	Duration	Cumulative total
Reception and instructions	5 mins	5 mins
Exercise 1 — Identifying the interface	15 mins	20 mins
Exercise 2 — Creating a tree	18 mins	38 mins
Exercise 3 — Professional naming	15 mins	53 mins
Exercise 4 — Keyboard shortcuts	15 mins	68 mins

Exercise 5 — Security and best practices	17 mins	85 mins
Collective correction and synthesis	5 mins	90 mins
Total	90 mins	

ICT Tutorial 04 — Microsoft Word: Academic Office Automation

Teacher: BELACEL Madani

Module: ICT

Level: License 1 — French Department

Duration: 1h30

Academic year: 2025-2026

(Email and detailed progress of the session: see PDF cover page.)

Exercise 1 — Layout (18 min)

Statement: Apply all academic standards (font, line spacing, margins, pagination).

Corrected: Times New Roman 12, line spacing 1.5, margins 2.5 cm, bottom right pagination.

Exercise 2 — Styles (18 min)

Statement: Write a 2-page mini-report with Heading 1, Heading 2 and Normal.

Fixed: Consistent hierarchy, no manual formatting on titles.

Exercise 3 — Table of contents (15 min)

Statement: Insert and update an automatic table of contents.

Fixed: References → Table of Contents → Update numbers.

Exercise 4 — Tables and lists (15 min)

Statement: Create a comparative table and a numbered list.

Corrected: Table with headers, numbered list for methodological steps.

Exercise 5 — Export (14 min)

Statement: Save as .docx and export as PDF with academic naming.

Corrected: 2026-06-04_TIC_TD4_BELACEL_v1.docx + associated PDF.

Session progress — 1h30 (90 min)

Phase	Duration	Cumulative total
Reception and instructions	5 mins	5 mins
Exercise 1 — University layout	18 mins	23 mins
Exercise 2 — Using Styles	18 mins	41 mins
Exercise 3 — Table of contents	15 mins	56 mins
Exercise 4 — Tables and lists	15 mins	71 mins

Exercise 5 — Export and naming	14 mins	85 mins
Collective correction and synthesis	5 mins	90 mins
Total	90 mins	

ICT Tutorial 05 — Microsoft Excel: Basics and Academic Uses

Instructor: BELACEL Madani

Module: ICT

Level: Year 1 — English Department

Duration: 1h30

Academic year: 2025-2026

(Email and detailed progress of the session: see PDF cover page.)

Exercise 1 — Note table (18 min)

Statement: Create a table for 8 students: Name, TD1 Mark, TD2 Mark, Exam Mark, Average.

Fixed: Bold headers, aligned columns, thin borders.

Exercise 2 — Formulas (18 min)

Statement: Calculate average per student, general average, min and max grade.

Fixed: =AVERAGE(), =MIN(), =MAX() on correct ranges.

Exercise 3 — Absolute references (15 min)

Statement: Add a fixed exam coefficient and calculate weighted score.

Corrected: Coefficient in \$G\$1, formula with absolute reference F4.

Exercise 4 — Graph (15 min)

Statement: Histogram of student averages.

Corrected: Insertion → Histogram, title, legends, no 3D effect.

Exercise 5 — Export (14 min)

Statement: Save as .xlsx and export as PDF.

Corrected: Naming 2026-06-04_TIC_TD5_BELACEL_v1.xlsx + PDF.

Session progress — 1h30 (90 min)

Phase	Duration	Cumulative total
Reception and instructions	5 mins	5 mins
Exercise 1 — Note table	18 mins	23 mins
Exercise 2 — Basic formulas	18 mins	41 mins
Exercise 3 — Absolute references	15 mins	56 mins
Exercise 4 — Graph	15 mins	71 mins

Exercise 5 — Export and best practices	14 mins	85 mins
Collective correction and synthesis	5 mins	90 mins
Total	90 mins	

#ICT Tutorial 06 — Microsoft PowerPoint

Instructor: BELACEL Madani**Module:** ICT**Level:** Year 1 — English Department**Duration:** 1h30**Academic year:** 2025-2026*(Email and detailed progress of the session: see PDF cover page.)***Instructor:** BELACEL Madani**Module:** ICT**Level:** Year 1 — English Department**Duration:** 1h30**Academic year:** 2025-2026*(Email and detailed progress of the session: see PDF cover page.)***Instructor:** BELACEL Madani**Module:** ICT**Level:** Year 1 — English Department**Duration:** 1h30**Academic year:** 2025-2026*(Email and detailed progress of the session: see PDF cover page.)***Instructor:** BELACEL Madani**Module:** ICT**Level:** Year 1 — English Department**Duration:** 1h30**Academic year:** 2025-2026*(Email and detailed progress of the session: see PDF cover page.)***Instructor:** BELACEL Madani**Module:** ICT**Level:** Year 1 — English Department**Duration:** 1h30**Academic year:** 2025-2026*(Email and detailed progress of the session: see PDF cover page.)*

Instructor: BELACEL Madani

Module: ICT

Level: Year 1 — English Department

Duration: 1h30

Academic year: 2025-2026

(Email and detailed progress of the session: see PDF cover page.)

Instructor: BELACEL Madani

Module: ICT

Level: Year 1 — English Department

Duration: 1h30

Academic year: 2025-2026

(Email and detailed progress of the session: see PDF cover page.)

Instructor: BELACEL Madani

Module: ICT

Level: Year 1 — English Department

Duration: 1h30

Academic year: 2025-2026

(Email and detailed progress of the session: see PDF cover page.)

Instructor: BELACEL Madani

Module: ICT

Level: Year 1 — English Department

Duration: 1h30

Academic year: 2025-2026

(Email and detailed progress of the session: see PDF cover page.)

Exercise 1 — Structure 10 slides

Statement: Sketch on paper the structure of a presentation of 10 slides on a theme from the ICT module.

Detailed correction:

- Slide 1: title.
- Slide 2: objectives or problem.
- Slide 3: plan in 3 parts.
- Slides 4–7: one idea per slide.
- Slide 8: concrete example.

- Slide 9: summary.
- Slide 10: conclusion / questions.

Exercise 2 — Text reduction

Statement: Rewrite a paragraph of 80 words in 4 bullet points of 6 words maximum each.

Detailed correction:

- Identify the central idea.
- Remove redundancies and unnecessary adverbs.
- Use nominalizations (“growth” vs “there has been an increase”).

Exercise 3 — Bland transition

Énoncé : Appliquer la transition **Fondu** à toutes les slides et régler la durée à 0,7 s.

Corrigé détaillé :

- Transitions → Fondu → Appliquer à tout.
- Durée : 0,7 s dans le volet Transitions.
- Tester en mode Diaporama (F5).

Exercise 4 — Insertion graphique Excel

Énoncé : Coller un graphique créé en TD Excel dans la slide 8 d'une présentation.

Corrigé détaillé :

- Excel : sélectionner graphique → Copier.
- PowerPoint slide 8 → Coller → Coller spécial → Image (bitmap) si stabilité requise.
- Redimensionner en conservant les proportions (Maj + glisser coin).

Exercise 5 — Export et checklist

Énoncé : Exporter en PDF et vérifier la checklist qualité (lisibilité, 10 slides, pied de page).

Corrigé détaillé :

- Fichier → Exporter → Créer PDF.
- Ouvrir PDF : texte lisible, pas de coupure.
- Vérifier numérotation et titre sur chaque slide si prévus par le modèle.

Session plan — 1h30 (90 min)

Phase	Durée	Total cumulé
Accueil et consignes	5 min	5 min
Exercice 1 — Structure 10 slides	18 min	23 min

Exercice 2 — Réduction de texte	15 min	38 min
Exercice 3 — Transition fade	15 min	53 min
Exercice 4 — Graphique Excel	18 min	71 min
Exercice 5 — Export PDF	14 min	85 min
Correction collective	5 min	90 min
Total	90 min	

ICT Tutorial 07 — Introduction à Internet

Instructor: BELACEL Madani

Exercice 1 — Définition et acronymes

Énoncé : Définir Internet en une phrase et expliquer la signification de TCP/IP.

Corrigé détaillé :

- Internet = réseau mondial interconnectant des réseaux locaux/régionaux/internationaux.
- TCP = Transmission Control Protocol (fiabilité de transmission).
- IP = Internet Protocol (adressage et routage des paquets).

Exercice 2 — Internet vs Web

Énoncé : Pour chaque élément, indiquer s'il relève d'Internet, du Web, ou des deux : navigateur Chrome, câble fibre, page HTML, protocole HTTP, routeur.

Corrigé détaillé :

- Chrome : Web (client) + Internet (infrastructure).
- Fibre : Internet.

- Page HTML : Web.
- HTTP : Web (service sur Internet).
- Routeur : Internet.

Exercice 3 — Connexion à Internet

Énoncé : Décrire les étapes pour connecter un portable au Wi-Fi du campus.

Corrigé détaillé :

1. Activer le Wi-Fi (icône barre des tâches).
2. Sélectionner le réseau institutionnel.
3. S'authentifier (identifiants universitaires).
4. Vérifier l'accès (ouvrir un site ou Moodle).
5. Verrouiller la session en quittant la salle (Windows+L).

Exercice 4 — Adresse IP

Énoncé : Quelle est la différence entre IPv4 et le rôle du DHCP ? Donner un exemple d'adresse IP.

Corrigé détaillé :

- IPv4 : format 4 octets décimaux (ex. 192.168.1.10), identifiant unique sur le réseau.
- DHCP : attribue automatiquement IP, masque et passerelle au poste client.
- Sans DHCP, configuration manuelle nécessaire.

Exercice 5 — Usages et sécurité

Énoncé : Citer trois usages académiques d'Internet et deux précautions de sécurité sur réseau public.

Corrigé détaillé :

- Usages : Moodle, bibliothèque numérique, visioconférence, dépôt de devoirs.
- Sécurité : éviter transactions sensibles ; utiliser HTTPS ; ne pas partager mots de passe ; VPN si disponible.

Session plan — 1h30 (90 min)

Phase	Durée	Total cumulé
Accueil	5 min	5 min
Exercice 1 — Définition TCP/IP	15 min	20 min
Exercice 2 — Internet vs Web	18 min	38 min
Exercice 3 — Connexion Wi-Fi	18 min	56 min
Exercice 4 — Adresse IP / DHCP	15 min	71 min
Exercice 5 — Uses and safety	14 mins	85 mins

Correction	5 mins	90 mins
Total	90 mins	

#ICT Tutorial 08 — World Wide Web

Instructor: BELACEL Madani**Module:** ICT**Level:** Year 1 — English Department**Duration:** 1h30**Academic year:** 2025-2026*(Email and detailed progress of the session: see PDF cover page.)***Instructor:** BELACEL Madani**Module:** ICT**Level:** Year 1 — English Department**Duration:** 1h30**Academic year:** 2025-2026*(Email and detailed progress of the session: see PDF cover page.)***Instructor:** BELACEL Madani**Module:** ICT**Level:** Year 1 — English Department**Duration:** 1h30**Academic year:** 2025-2026*(Email and detailed progress of the session: see PDF cover page.)***Instructor:** BELACEL Madani**Module:** ICT**Level:** Year 1 — English Department**Duration:** 1h30**Academic year:** 2025-2026*(Email and detailed progress of the session: see PDF cover page.)***Instructor:** BELACEL Madani**Module:** ICT**Level:** Year 1 — English Department**Duration:** 1h30**Academic year:** 2025-2026*(Email and detailed progress of the session: see PDF cover page.)*

Level: Year 1 — English Department

Duration: 1h30

Academic year: 2025-2026

(Email and detailed progress of the session: see PDF cover page.)

Instructor: BELACEL Madani

Module: ICT

Level: Year 1 — English Department

Duration: 1h30

Academic year: 2025-2026

(Email and detailed progress of the session: see PDF cover page.)

Exercise 1 — Parsing a URL

Statement: Break down the URL `https://www.univ-example.dz/cours/tic/chap2.html` (protocol, domain, path).

Detailed correction:

- `https://` — secure HTTP protocol.
- `www.univ-example.dz` — domain name (server).
- `/cours/tic/chap2.html` — path to the resource (HTML page).

Exercise 2 — Browsers

Statement: Comparing two browsers (Chrome and Firefox): an advantage and an educational use for each.

Detailed correction:

- Chrome: numerous extensions; synchronization Google account.
- Firefox: enhanced privacy; open source development.
- Use: documentary research, Moodle access, online PDF reading.

Exercise 3 — HTTP vs HTTPS

Statement: Why choose HTTPS to connect to the university platform?

Detailed correction:

- Encryption of exchanged data (identifiers, notes).
- Server authentication (SSL/TLS certificate).
- Protection against eavesdropping on public network (Wi-Fi).

Exercise 4 — Academic research

Statement: Formulate an advanced query to find articles on "ICT and language teaching" (quotes, operators).

Detailed correction:

- "ICT" AND "language teaching" (Google academic or institutional engine).
- Filter by date (last 5 years).
- Favor .edu domains, university bibliographic bases.
- Note author, title, URL, date of consultation for citation.

Exercise 5 — Web source evaluation

Statement: Evaluate the reliability of an anonymous blog vs. a .edu page: 4 criteria.

Detailed correction:

1. **Author** identified and qualified?
2. **Date** of recent publication?
3. **Objectivity** and bibliographic references?
4. **Institutional or commercial domain**?

→ The anonymous blog should be discarded for a university assignment without overlap.

Session progress — 1h30 (90 min)

Phase	Duration	Cumulative total
Welcome	5 mins	5 mins
Exercise 1 — URL analysis	18 mins	23 mins

Exercise 2 — Browsers	15 mins	38 mins
Exercise 3 — HTTP vs HTTPS	15 mins	53 mins
Exercise 4 — Academic research	18 mins	71 mins
Exercise 5 — Reliability of sources	14 mins	85 mins
Correction	5 mins	90 mins
Total	90 mins	

#ICT Tutorial 09 — Computer networks

Instructor: BELACEL Madani**Module:** ICT**Level:** Year 1 — English Department**Duration:** 1h30**Academic year:** 2025-2026*(Email and detailed progress of the session: see PDF cover page.)***Instructor:** BELACEL Madani**Module:** ICT**Level:** Year 1 — English Department**Duration:** 1h30**Academic year:** 2025-2026*(Email and detailed progress of the session: see PDF cover page.)***Instructor:** BELACEL Madani**Module:** ICT**Level:** Year 1 — English Department**Duration:** 1h30**Academic year:** 2025-2026*(Email and detailed progress of the session: see PDF cover page.)***Instructor:** BELACEL Madani**Module:** ICT**Level:** Year 1 — English Department**Duration:** 1h30**Academic year:** 2025-2026*(Email and detailed progress of the session: see PDF cover page.)***Instructor:** BELACEL Madani**Module:** ICT**Level:** Year 1 — English Department

Module: ICT

Level: Year 1 — English Department

Duration: 1h30

Academic year: 2025-2026

(Email and detailed progress of the session: see PDF cover page.)

Exercise 1 — Types of networks

Statement: Associate LAN, MAN, WAN with: computer room, city network, global Internet.

Detailed correction:

- Computer room → LAN (Local Area Network).
- City network → MAN (Metropolitan Area Network).
- Worldwide Internet → WAN (Wide Area Network).

Exercise 2 — Topologies

Statement: Draw a star topology with 4 stations and a central switch. Name a benefit.

Detailed correction:

- 4 PCs individually connected to the switch (central hub).
- Advantage: failure of a cable only affects one station; easy troubleshooting.
- Very common in Wi-Fi (access point = center).

Exercise 3 — Network components

Statement: Connect component and role: switch, router, network card, Ethernet cable.

Detailed correction:

- Switch: interconnects machines via LAN.
- Router: connects LAN to the Internet (IP routing).
- Network card (NIC): machine/network interface.
- Ethernet cable: wired transmission medium.

Exercise 4 — Addressing and DHCP

Statement: A station displays `169.254.x.x`. What likely problem? Which protocol resolves IP assignment?

Detailed correction:

- APIPA address: no DHCP server reachable (Wi-Fi not connected or box turned off).
- DHCP must assign IP, mask, gateway, DNS.
- Solution: check Wi-Fi/Ethernet connection, restart box, contact IT support.

Exercise 5 — Campus case

Statement: Propose 3 rules for good use of the university network.

Detailed correction:

1. Educational and research use (no illegal downloads).
2. Do not share institutional Wi-Fi credentials.
3. Respect the IT charter (security, bandwidth, shared printers).

Session progress — 1h30 (90 min)

Phase	Duration	Cumulative total
Welcome	5 mins	5 mins
Exercise 1 — Types of networks	15 mins	20 mins

Exercise 2 — Topologies	18 mins	38 mins
Exercise 3 — Components	18 mins	56 mins
Exercise 4 — DHCP	15 mins	71 mins
Exercise 5 — Campus charter	14 mins	85 mins
Correction	5 mins	90 mins
Total	90 mins

Instructor: BELACEL Madani

Module: ICT

Level: Year 1 — English Department

Duration: 1h30

Academic year: 2025-2026

(Email and detailed progress of the session: see PDF cover page.)

Exercise 1 — Search engine

Statement: Explain the role of crawlers and the benefit of a metasearch engine.

Detailed correction:

- Crawlers: robots that explore the Web and index pages.
- Metamotor: queries several engines, merges and deduplicates the results (e.g. Qwant, Dogpile).

Exercise 2 — Professional email

Statement: Write an email to a teacher to request a TD postponement (subject, formula, structure).

Detailed correction:

- Subject: [L1 Languages] TD TIC report request – Last name First name
- Formula: “Madam, Sir,”
- Body: brief reason, desired date, politeness.
- Signature: name, group, institutional email.
- Attachment only if supporting documentation requested.

Exercise 3 — Email protocols

Statement: Associate SMTP, POP, IMAP with: send, receive locally, multi-device sync.

Detailed correction:

- SMTP → sending.
- POP → reception (often local download).
- IMAP → reception with box sync on multiple devices (mobile + PC recommended).

Exercise 4 — File transfer

Statement: Compare USB key, Google Drive and email to submit a 15 MB assignment.

Detailed correction:

- USB key: fast in person, risk of loss/virus.
 - Drive: sharing link, traceability, institutional quota limit.
 - Email: attachment limit (~25 MB depending on server), practical for small files.
- For 15 MB: Drive or Moodle platform preferred.

Exercise 5 — ICT module summary

Statement: Summarize the skills acquired in a 3-column table (Sessions 01-04, 05-06, 07-10).

Detailed correction:

Block	Skills
01-04	Culture ICT, PC, Windows, Word
05-06	Excel (calculation), PowerPoint (oral)
07-10	Internet, Web, networks, digital services

→ Complete digital culture for the Languages Degree.

Session progress — 1h30 (90 min)

Phase	Duration	Cumulative total
